HUNDREDS ARE KILLED OFF FLORIDA COAST

By Storm Which Swept Over Havana.

FISHING FLEET WAS WRECKED

Loss at Miami, Fla., Will Amount to Thousands of Dollars—Steamer St. Lucie Sailed Into Storm Despite the Warnings.

Miami, Fla., Oct. 22.—The reported loss of the steamer St. Lucie, Captain Bravo commanding, has proven true. Friday evening one of the Flagler steamers arrived in port, bringing 60 wounded, who were taken to the hospital. It is said that there are 28 dead bodies which will be brought up later.

It is believed now that a portion of the Florida Fish and Produce company's fleet was lost with loss of life. Manager Adams sent out one of their boats Friday morning to search for the men and boats, and on its return the crew reported no sign of the fleet. The fishing nets were found strewn upon the shore.

The steamer St. Lucie belongs to the fleet of the Florida East Coast railway and is employed in carrying workmen to and from the extension work on the keys.

Despite the storm warning, Captain Bravo sailed for Key Largo with a large number of workmen aboard. The steamer was caught in the storm and was driven ashore with the awful loss of life reported.

The damage in Miami will amount to many thousands of dollars. One of the heaviest losers is Frank Budge, whose 3-story brick store was unroofed and the stock of hardware ruined by the deluge of rain. His loss is estimated from $10,000 to $15,000.

The saloon of the Charles Watson Co. was unroofed and stock and fixtures damaged. Their warehouse on Sixth street was totally demolished.

The roof of the Miami Shoe Co. was blown off and stock damaged.

The new Orlendorff block, which was nearing completion, was destroyed.

The Arcade building was badly damaged.

The First Methodist church was partially wrecked and the steeple blown down.

McNeill's stables were completely destroyed.

Granger's livery stables were wrecked and much damage to buggies and carriages done.

A large portion of the terminal docks and the car shed near the roundhouse were blown down.

On Avenue D a number of plate glass windows were smashed in and several houses unroofed. Most of the merchants lost heavily from water.

St. Augustine Escaped.

St. Augustine, Fla., Oct. 22.—This city, beyond some damage done by high tides, was not affected by Thursday's hurricane. Messages received at the wireless station indicate that the storm passed this point about 60 miles to sea. At 10 o'clock Friday morning a Red Liner reported that it was running into a terrific storm north of St. Augustine. A wireless message from Yey West Friday night says: "Steamer Mascotte arrived Key West; all on board O. K."

Picked Up at Sea.

Key West, Fla., Oct. 22.—The American steamer Jennie, Captain Dudnich, bound from Gulfport for Genoa, has called at this port to land 49 workmen picked up at sea near the Bahama coast, 160 miles from Key West. The men were part of a force of 150 workingmen belonging to barge No. 4, engaged on east coast extension work. Most of the others were killed or drowned in the storm early Thursday. Nine other barges crowded with workmen engaged in extension work were at sea with barge No. 4. There is no news of them, and it is feared all were lost.

W. P. Duesbury, one of the engineers, saved by the steamer Jennie, says the storm struck barge No. 4 at 5 o'clock Thursday morning. One moment later the houseboat went to pieces in the dragging sea, and 30 to 40 men were killed in the crash. Dusenbury says nine other boats were working on the extension at Long Key and another at barge No. 4. There has been no intelligence of their fate and fears for their safety are entertained.

Officers of the rescuing steamer Jennie say that they heard cries for help Thursday night, and following the direction of the sounds came upon a lot of men floating in the sea, clinging to logs, lumber and small rafts. Boats were lowered and the 49 men brought here were rescued.

Three other steamers, using search lights, came on the scene and assisted in saving life. How many they rescued was not ascertained by those on board the steamer Jennie.

Captain Bravo Injured.

Miami, Fla., Oct. 22.—Captain Steve Bravo, one of the steamboat commanders of the Florida East Coast system, is seriously but not fatally injured. He was commander of the steamboat St. Lucie, of the Flagler line of steamers, plying between Miami and the Keys, along which the extension of the Flagler railway is being constructed. Captain Bravo says he anchored on the lee of Elliott's Key, 25 miles south of Miami, on which there were 250 residents Friday morning, and that soon after a tidal wave engulfed the island, leaving not a living soul upon it. The tidal wave struck the St. Lucie and in a moment she was crushed into debris. The St. Lucie had on board over 100 people, of whom 25 were killed or drowned.

Another disaster is the breaking loose of a barge at Elliot Key, with 100 people on board. She was picked up on the Bahama islands. Fifty of her people were drowned.

Reports From Havana.

Havana, Oct. 22.—Reports of the damage done by the storm in the interior of the island continues to come in slowly. The extent of the damage done to the tobacco crop in the Province of Pinar del Rio is not yet fully known, but it is believed to be great. The tobacco was planted late this year on account of the continued rains, hence the plants have not yet sprouted and many of the seed beds have been washed out, necessitating replanting, which will retard the crop. The storm is reported to have been very severe in the Vuelta Abajo district of Pinar del Rio.

The principal havoc outside of Havana is reported to have been at Batabano, where seven men were drowned, the American steamers Campbell and Sara were wrecked, many houses destroyed and 200 persons rendered homeless. The mayor of Batabano has issued an appeal for relief for the destitute, and Governor Nunez of Havana province, will proceed there Saturday with funds and food supplies. The brunt of the storm seems to have been sustained by the city of Havana and its suburbs. No more deaths have been reported.

Will Dedicate Monuments.

Manassas, Va., Oct. 22.—Ceremonies incident to the dedication of monuments erected on the Bull Run battlefield to the memory of those members of the Fifth, Tenth and Fourteenth New York infantry, who fell in the first and second battles, were held Saturday. The shafts were placed by the state of New York. The land is owned by the Regimental Monument association. Veterans of the civil war, on both sides, will be present. Colonel Edmund Berkely of Prince William county, Virginia, commander of Ewell camp of confederate veterans, will welcome the New York veterans to the Bull Run battleground.

Unique Point Involved.

Montgomery, Ala., Oct. 22.—The point involved in the case of Polk Drane versus the Sloss-Sheffield Steel and Iron company, now before the circuit court of appeals, is whether or not a father can collect damage from a corporation for the death of a child when he has relinquished all rights to and control over the child. The son of Drane was killed in a mine of the Sloss company at Russellville and suit brought for him. His father seems to have, before the killing, released all claims upon him.

11 CENTS ASKED FOR COTTON CROP

Members of Farmers' Union Pledge Support to

PRICE AT BIG MASS MEETING

President Charles Barrett of the National Association Was Not Able to Attend on Account of Meeting at Topeka, Kansas.

Atlanta, Oct. 22.—The slogan of 11 cents as the minimum price of cotton was sounded by prominent members of the National Farmers' union at the Farmers' Union day exercises at the State fair Friday.

President Charles S. Barrett of the national association, and J. M. Butler of the Kansas State union, were not able to attend on account of a meeting of the Farmers' Cooperative Business at Topeka, Kan., but there were a number of other speakers who ably took their places.

Among those who were on the program were J. J. Stephenson, who acted as presiding officer and introduced the speakers; J. L. Lee, state organizer; G. M. Davis of Floyd county, and President R. F. Duckworth of the Georgia division of the National Farmers' union.

From the opening speech until the last address had been delivered, the remarks, while conservative in every detail, demanded that the farmers of Georgia "stand pat" on 11 cents cotton.

In his speech, President Duckworth reviewed the work of the association from its organization; spoke of the results that had been obtained, and fervently pled for continued activity against low-priced figures. All of the speakers spoke along the same line.

The happiest day in the recent annals of the children of the state came on Saturday, when all children, accompanied by parents or guardians, were admitted free of charge.

Parents who had intended to visit the fair brought their children with them, and a special program was prepared for their benefit.

The man-eating lion, the jogging camels, the wonders of Buckskin Ben's Wild West show were all awaiting for their children friends.

Applications Were Refused.

Los Angeles, Cal., Oct. 22.—Applications and protests in the case of the tract of reclaimable land in the outer harbor at San Pedro, for which the Southern Pacific and other transportation companies each made application, were refused and returned by the secretary of war Friday to the local United States engineer's office here. Notice is given of the government's intention to establish new harbor lines in the outer harbor of San Pedro.

Strickland Is Acquitted.

Columbus, Ga., Oct. 22.—"Not guilty," was the verdict brought in by the jury in the John Strickland murder case at Hamilton. The jury retired at 11:45 o'clock and was out only 15 minutes. This was the second one of the Harris county feud cases to be tried before Harris court this week, and in both cases the verdict was the same. Court adjourned Friday afternoon, and the other cases went over to the next term.

Will Establish Free Synagogue.

New York, Oct. 22.—The Rev. Dr. Stephen S. Wise, for the last six years in charge of a congregation in Portland, Ore., arrived here Friday from the latter city and will begin the work of establishing in New York a free synagogue. This, Dr. Wise explained, is to be an institution which will be on a higher ethical and spiritual plane than the present day synagogue.

Member of "Gingerbread Man" Dies.

Ottawa, Ont., Oct. 22.—Miss Nannie B. Jordon, a member of the "Gingerbread Man" company, died here Friday. Miss Jordan's stage name was Miss Howe. She was 22 years old. Her body will be taken to her home in Nashville, Tenn.

CAR FAMINE CAUSES TROUBLE.

Lack of Cars Causes Delay to Shipping Interests.

Boston, Mass., Oct. 22.—A shortage of the freight cars on nearly all the railroad lines carrying grain to this port is interfering to a considerable extent with Boston's grain export business. Because of the delay, the Leyland line steamer Cambrian, which was scheduled to sail Friday morning for London, was unable to leave. Eighty-eight thousand bushels was scheduled as a part of her cargo, but up to Friday night, when her clearing papers were issued, she had received but 25,000 bushels. Nearly every steamer in the grain carrying business which has sailed from this port this week has met with the same delay and has been forced to depart with only a portion of their scheduled cargo.

Young Woman Shot to Death.

Augusta, Ga., Oct. 22.—Maud Williamson, an operative of the Sibley Cotton mill, was shot four times by Arthur Glover, a local private detective. Glover is about 40 years of age and the woman 27. No cause is assigned for the killing. Though Glover talks freely about himself and his relations with the dead woman, he refuses to make any statement to reporters as to the motive which prompted him. He is now incarcerated in the Richmond county jail, and a warrant charging him with murder has been sworn out. After the shooting he went to his home, some distance away, stopping in a saloon on the way and surrendering to Policeman Burgamy, who arrested him there a few minutes later.

Roosevelt Delighted at Idea.

Norfolk, Va., Oct. 22.—President Roosevelt has partly approved the suggestion that Georgia shall reproduce as its state building at the Jamestown exposition the old colonial Bulloch hall, at Roswell, Ga., the birthplace of Martha Bulloch, the president's mother. President Roosevelt has written a letter to W. N. Mitchell, president of the Georgia state ter-centennial committee, who made the suggestion, in which he says: "I need hardly say how much touched and pleased I was by the proposition to reproduce my mother's old home at Jamestown. Whatever the decision in the matter may finally be, allow me to thank you most warmly for your suggestion."

Probable Cause of Fire.

Birmingham, Ala. Oct. 22.—C. W. Austin, city fire insurance inspector, Saturday gave out a statement regarding the probable cause of Friday's fire at Mrs. E. E. Watley's boarding house, on Third avenue, in which ten men were cremated. He says that a drunken man, who boarded at the place, was seen to enter the house just before 2 o'clock in the morning. He went into the dining room to get something to eat. It is believed he lighted an oil lamp, which was on the dining table, and that it was upset and exploded, setting fire to the building. Austin does not give the man's name, but says he was one of those who lost their lives in the fire.

Uprisings Are Expected.

Oran, Algeria, Oct. 22.—A mountain battery, under command of Lieutenant Biebenne, has been ordered to the south frontier of Morocco, opposite Tafilelt. The French plans are strictly defensive. Risings of importance in Morocco are not expected till the middle of November, at the end of the month of fasting, following the Ramadan festival.

MISSIONARY RALLY SERVICE.

Children of Kavanaugh Methodist Church Entertain Large Crowd.

The missionary rally, or children's day, at Kavanaugh Methodist Church on Sunday evening was an attraction, and the largest crowd of the season turned out to witness the ceremonies and hear the songs and recitations of the children. The big church was crowded to the doors, and long before the time for the beginning of the service, and a seat was indeed an accommodation by half-past seven.

The program was rendered in a clever manner, and the large congregation fully appreciated the work of the children. If The Sun should attempt to compliment all the children as they deserve, it would require more time and space than the paper could spare. Suffice it to say, that the program was well executed, and the little folks deserve all the credit for the liberal collection to be sent to the missionaries in Cuba.

A HAPPY MARRIAGE.

Popular Daughter of Capt. and Mrs. Parker Weds Mr. O'Quinn.

One of the greatest social events in the history of LaCrosse occurred there Wednesday, Oct. 17, when Miss Bessie Belle Parker, the beautiful and accomplished daughter of Capt. and Mrs. H. C. Parker, was happily married to Barney O'Quinn of Mayo, Florida.

Everybody said it was the most beautiful wedding that LaCrosse had ever witnessed. The marriage was solemnized at the First Baptist Church, which had been most tastefully decorated by Misses Lula Sloan and Irma Joiner, intimate friends of the bride. The color scheme was beautifully carried out in pink and white, both in the decorations and in the dresses of the bridesmaids.

Promptly at 2 o'clock the bridal party appeared and marched up the long aisle to the strains of Medelssohn's wedding march, which was rendered by Miss Smith of Wacahoota. First came the ushers, Raleigh Rives and Rufus Dell of Alachua, followed by Walter O'Quinn of Dupont, Ga., brother of the groom, as best man, and Miss Jannie Smith of Wacahoota as maid of honor, wearing a lovely dress of white net over white silk, and carrying a boquet of white roses. Then came the other bride's maids, dressed in white made over pink silk, carrying boquets of pink roses. They were Miss Etta O'Quinn of Dupont, Ga., sister of the groom, attended by H. Clay Parker, brother of the bride, and Miss LaForest Smith of Homerville, Ga., cousin of the groom, attended by Mr. Clark of Mayo.

Then followed the bride, carrying a boquet of white roses and dressed in a beautiful and becoming traveling suit of grey silk with hat and veil to match, leaning on the arm of her fond father, who conducted her to a beautiful green arch, decorated with pink and white roses, where she was met by the groom, and the ceremony was impressively performed by Rev. J. N. Thompson, pastor of the church.

After the ceremony the bridal party, with a host of friends, went to the home of the bride's parents, where congratulations and best wishes were showered on the happy couple, and where delicious cream and cake were served, which, by their color, still further carried out the color scheme of pink and white.

The guests were treated to white souvenier boxes of candy tied with ribbon and decorated with the letters "P. & O." and the date of their marriage in gilt.

After the reception, amid a shower of rice, Mr. and Mrs. O'Quinn left for a trip to Atlanta, Mr. O'Quinn's old home, and other points. They will be at home at Mayo after October 26th.

The popularity of the couple was shown by the numerous handsome and valuable presents which they received.

The bride's parents presented her with a purse containing five hundred dollars.

That their life may be a long, happy and prosperous one is the wish of all who know them. A GUEST

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

Creates Sensation In New Orleans

L. T. Cooper, the young philanthropist, who, with his strange new medicines has been exciting much attention from newspapers all over the country, now has New Orleans in a storm of enthusiasm over his remarkable work. The sales of his preparations have reached enormous figures and the wonderful cures of stomach trouble and rheumatism accredited to his medicines which were at first the subject of conjecture have become so common that their genuineness can no longer be doubted.

His theory that fifty per cent of the so-called stomach trouble is due to immense parasites, or tape worms, is verified in nearly every case reported. Wherever he goes people bring to him glass jars and dishes containing these parasites which have been expelled from their systems by his medicines. Nearly three hundred of these cases are reported from New Orleans and in almost every instance the patient had been unaware that his suffering was caused by anything more than ordinary stomach trouble.

Mr. A. R. Haile, a prominent business man of 1419 Carondelet street, New Orleans, is authority for the report of one of the most remarkable of these cases. According to his statement, Mr. Haile had been a sufferer from a severe affection of the stomach for the past six years and he had been treated by physicians who diagnosed his case one of tape worm but whose treatment failed to relieve him. Speaking of his experience with Cooper's preparation he said: "My case has been a stubborn one and nothing I could do seemed to alter my condition. Several physicians treated me without result and when Cooper's medicines began to create so much attention I determined to give them a trial. The worm which they expelled from my system measured nearly fifty feet in length and as soon as I was rid of the horrible thing I began to improve." Upon being asked about the attendant symptoms he declared that they are much similar to those of any stomach disorder, a variable appetite, dizzy spells, headaches, constipation, nervousness and a continual languid, tired, worn-out feeling being the most common while one of the surest signs is dark spots that appear to float before the vision after stooping over.

It is estimated that one hundred thousand bottles of Cooper's medicines have been sold during his visit in New Orleans and judging from the space devoted to his work by the newspapers of that city Cooper is the talk of the town.

L. T. Cooper, it will be remembered, is the man who created such turmoil in St. Louis a short time ago, where he is said to have sold nearly a quarter million bottles of his preparations.

At J. W. McCollum & Co's. drug store, the local agency for Cooper's medicines, it is said that the sale of his two remedies, Cooper's New Discovery and Cooper's Quick Relief, have become enormous and that the most gratifying reports have been received from those who have used them.

DEATH OF GILBERT TAYLOR.

One of Gainesville's Well Known Young People Passed Away.

The city was saddened Sunday night by the information of the death of J. Gilbert Taylor, which sad event occurred at the Baker Infirmary, Sumter, S. C., Sunday morning, after an operation which had proved imperative from several months' illness.

Deceased was twenty-eight years of age, and was born in this city. He was always a favorite among his associates, being possessed of a most amiable disposition and charitable nature. He joined the Baptist church in early childhood, and has always been loyal and faithful to his religious creed.

Deceased was surrounded at the bedside by his mother, Mrs. John M. Taylor, his wife, and his brother, George Taylor, when death came. His brother, W. B. Taylor of this city, was notified too late, but started for Sumter, when a telegram intercepted his journey in Jacksonville.

Mr. Taylor was married three years ago to Miss Laura Brittain of Jacksonville, with whom he has since lived happily.

He is survived by his mother, Mrs. John M. Taylor, his devoted wife, two brothers, Geo. R. and W. B. Taylor, and one sister, Mrs. F. R. Chaddock of Moundville, West Virginia.

The remains arrived in this city Monday night via the Seaboard Air Line, and were met at the station by a committee of Gainesville Lodge No. 990, B. P. O. Elks. The body was taken to the home of his brother, W. B. Taylor, where friends were anxiously and pathetically waiting.

Mr. Taylor, at the time of his death, was the Southern representative of the Supplee Hardware Company of Philadelphia. He was formerly with the firm of O'Donald & Taylor, hardware dealers, of Jacksonville, and had a large number of friends there.

He traveled through Florida for several years and had a host of friends in this State who will be grieved to learn of his death.

Deceased was a member of Troy, Ala., Lodge No. 928, B. P. O. E., and the following telegram was sent to that lodge addressed to the exalted ruler:

"Gainesville Lodge No. 990, B. P. O. E., deeply sympathizes with Troy lodge in the death of your member, Brother Taylor, whom we knew and recognized as a true man and a splendid gentleman. If Gainesville No. 990 can serve you in any way in this sad bereavement, we are at your command."

This message was signed by Henry S. Chubb, exalted ruler, and J. M. Dell, Jr., secretary.

The funeral will be held this morning from the First Baptist Church, at 10 o'clock. It will be conducted by Rev. Francis H. Craighill, assisted by Rev. S. B. Rogers

The following gentlemen will act as pall-bearers: B. M. Tench, Ben Miller, J. H. Tench, F. D. Warner, B. F. Hampton, Jesse Clark, Turner Pound, Dr. J. Harrison Hodges. They are requested to meet at the undertaking parlors of Robt. McClellan at 9:45 a. m.

Attention, F. & A. M.

Members of Gainesville Lodge No. 41, F. & A. M., will assemble at Masonic hall at 9:30 o'clock this morning, for the purpose of attending the funeral of our late brother, J. Gilbert Taylor. By order,

W. B. Higdon, W. M.
Robt. McClellan, Sec.

Elks, Attention.

The members of Gainesville Lodge, No. 990, B. P. O. E., are requested to meet at Masonic hall at 9:30 o'clock this morning, to attend the funeral of our brother, J. Gilbert Taylor, of Troy No. 928, Troy, Ala. A full attendance desired.

H. S. Chubb, Exalted Ruler.

HARMFUL STOMACH DOSING.

No Need of It When Hyomei Is Used to Cure Catarrh.

Physicians and scientists agree that the less medicine one swallows, the better. It is in keeping with this idea that Hyomei is recommended by leading physicians throughout this and other catarrhal sections.

When this treatment is used in catarrhal troubles, there is no stomach dosing, for the medicine is taken in with the air you breathe, and goes right to the spot where the catarrhal germs are present, healing the inflamed and irritated mucous membrane, killing the disease germs and entering the blood with the oxygen, driving all catarrhal germs from the system.

Do not try to cure catarrh of the head by putting medicine into your stomach—this is neither a scientific nor common sense treatment. Breathe the healing balsams of Hyomei and in a few days you will notice relief, and its continued use will result in a complete and lasting cure.

J. W. McCollum & Co. have seen so many cures made by Hyomei amongst their customers, several of them cases where all hope of relief had been given up, that they give an absolute guarantee of cure, or money will be refunded with every outfit they sell.

The complete outfit costs but $1, while extra bottles of Hyomei if needed are only 50 cents.

Commissioner C. C. Pedrick and Fair Commissioner N. A. Callison left Sunday for Tampa, where they will complete arrangements with the State Fair Association for Alachua county's exhibit. They expect to return to this city today.

SKIN DISEASES

FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acrid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely.

Baird, Tex., Oct. 22.—Thomas Agos, a Mexican employed at the Siegel hotel, at this place, stabbed and instantly killed Miss Emma Blakely, a young white woman, also employed in the same hotel. Agos stated that he committed the deed because he loved the girl and because she was soon to marry another man. He was placed in jail and physicians summoned. In his pockets were found three letters, on each to his mother and his grandmother in Mexico, both in Spanish, and one in English to the girl he killed. A lynching is probable.

Grover Cleveland Ill.

New York, Oct. 22.—Grover Cleveland is ill from a severe cold at Westland, his country home near Princeton, N. J. He had been ailing since early in the week, and Friday his condition was such that he was compelled to take to his bed. "We do not consider Mr. Cleveland's illness very serious," said Mrs. Cleveland Friday, "but in all probability it will keep him in bed several days. He caught a slight cold while out fishing a few days ago, but paid no attention to it until Friday, when he felt it necessary to consult a doctor." Dr. J. M. Canochan, the Cleveland family physician, who is attending Mr. Cleveland, would not discuss his patient's condition.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to, I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—Iowa Lady Has Great Faith In Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Lisconb, Iowa, Oct. 1, 1905."

Complete External and Internal Treatment for Every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, Ointment, and Pills. The Soap (25c.) to clear the skin and scalp, the Ointment (50c.) to heal sores, allay inflammation and itching, and the Pills (25c. per vial of 60) to purify the blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. "How to Cure Skin, Scalp, and Blood Diseases," free.

No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

THE GREAT STORM.

Details of the damage to property and loss of life by the storm that swept the East Coast of Florida last week are being received, and the reports are awful to contemplate. At least a hundred lives were lost on the islands between the mainland and Key West, those of men engaged in the work of extending the East Coast Railway to Key West. The damage to the railroad property cannot now be estimated, and when asked about the property damage by a Jacksonville Metropolis reporter, that noble-hearted man, Mr. J. R. Parrott, to whom Mr. Flagler has entrusted his interest, replied: "We have had no time to think of that. Our aim now is to try to save life and care for the unfortunate wounded. Everything that human ingenuity can suggest will be done for the unfortunate people." At Miami the damage was exceedingly great, but no lives were lost.

THING OF THE PAST.

A. G. Fox, counsel for the New York Central Railroad in the trial in which it was found guilty of rebating, said:

"It is impossible successfully to defend rebate cases in the present state of public opinion."

That is the kind of a remark which a lawyer is apt to make in behalf of a client who has a weak case, says The Wall Street Journal. His effort is to show that his client's conviction is not due to guilt, but the hostile character of public opinion. Public opinion is hostile to rebates, but to charge that the New York Central could not get a fair trial in the United States Circuit Court because of this public opinion is to say something which few will be willing to believe. The conviction of this railroad on the charge is further proof, if proof were needed, that the day of rebate has passed.

Hon. James E. Broome of Quincy, nominee of the Gadsden county primary for State Senator from the Sixth district, presents a strong series of arguments in The Gadsden County Times against the advisability of attempting the reclamation of the Everglades, while the question whether the lands belong to the State or to the Louisville and Nashville railroad is still pending in the courts; against the adoption of the drainage amendment in view of the fact that it would take two years or more to revoke it should the people find they had made a mistake; and against the provisions of that amendment and the unlimited powers it confers upon five men in the matter of taxation for drainage purpose. That the rights of the people are not sufficiently safeguarded is clearly shown in this open letter. The "amusing features," as he characterizes it, is pointed out that the five men named by the offices they hold are all advocating its passage, whereas there is not one cent of salary attached to the office of drainage commissioner. Furthermore, the fact that the internal improvement fund trustees have disregarded the law is insisted upon. The letter closes with an appeal to the voters to vote against this vicious, undemocratic piece of legislation.—Times-Union.

There is no man in Florida who has served the people more faithfully than Senator Broome, or whose judgment in the above matter is deserving of more consideration.

The University News, A. Clyde Evans, editor, and Sam A. Sanborn, associate editor, was issued last week. It is devoted especially to Florida's leading educational institution and is a credit to the editors and the University.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Take Hall's Family Pills for constipation.

J. Hall Brumsey, of The DeLand Mercury, might be a good friend of Governor Broward but he has a peculiar way of showing it. A villainous cartoon in its last issue pictured Governor Broward playing a game of poker in what looked like the back room of some saloon. It also showed Mr. Flagler and a farmer in the same game. The import of the cartoon was well intended, but had an enemy of the Governor printed the same picture the Governor would have good grounds to sue for libel. As it is he ought to take J. Hall Brumsey out in the back yard and do something violent to him.—St. Petersburg Independent.

That's just what we expressed, Bro. Powell. Though we differ with the Governor in some matters we admire him personally, and would not admit such a cartoon of him into the columns of this paper.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book *free* that is worthy of your attention if needing a good, safe, reliable remedy *of known composition* for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Raid Alleged Revolutionists.

El Paso, Tex., Oct. 22.—Acting in conjunction with Mexican Consul Malcon, the El Paso police Friday night made a raid on the local junta of the alleged Mexican revolutionists. Pedro Gonzales was the only man arrested here. Simultaneously with the raid on the American side of the line the police of Jaurez raided several well known quarters in that city where the revolutionists were thought to meet and 15 men were arrested. Documents were secured in El Paso showing connection of the local organizations of St. Louis, at Douglass, Del Rio and Eagle Pass. The raid on the Del Rio organizations during the early part of the week led to the raid here.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Inspect Tunnel Route.

New York, Oct. 22.—Mayor McClellan returned to the city hall Friday after an inspection of the route over which the viaducts and tunnels for the additional water supplies from the Catskills will be built. "The people of this city," he said, "do not realize the immensity of the project which the municipality has taken in hand to increase its water supply. It is a task even greater than that of building the Panama canal. Imagine, for instance, the building of a reservoir 12 miles long and 2 miles wide, and in some places 160 feet deep, and then providing for the carrying of stored water a distance of 100 miles. The project is a tremendous one."

Were Thrown From Carriage.

Marietta, Ga., Oct. 20.—Shortly after 8 o'clock Thursday morning Minnie Lou McNeel, the 12-year-old daughter of R. M. McNeel, and Lucile Morris, the 7-year-old daughter of Hon. N. A. Morris, were thrown out of a carriage and very severely though not fatally injured. Fifteen stitches were taken on the head of Minnie Lou McNeel. Miss Julia McDaniel, a teacher, and a number of school children, were in a carriage on their way to school. The horse they were driving ran away and Minnie Lou McNeel and Lucile Morris were thrown under the wheels of the carriage. They were carried to the office of Dr. C. T. Nolan, who attended their injuries. Miss McDaniel, and others in the carriage, were not injured, but were badly frightened.

Child Smothers to Death.

Macon, Ga., Oct. 20.—Playing in a pile of cotton in a ginnery at Walden, Ga., meant death to little 5-year-old Holt, the son of Mr. and Mrs. A. D. Calhoun. After he had been missed from the house several hours a search was made and the father found his little feet protruding from a hole he had dug while playing in the cotton. When the form was removed it was found that life was extinct. He had fallen into the hole and was unable to extricate himself. The noise of the ginnery prevented persons near by from hearing his cries, and the child was left to die. The family is prominent in the community and their friends were shocked to find their home so suddenly saddened.

Will Hold Lodge of Sorrow.

New Orleans, Oct. 20.—A Lodge of Sorrow was held Friday by the Knights of Pythias convention in respect to distinguished Pythians who have died during the last two years. More Pythians of high rank are said to have died during this period than during any previous two years in the history of the organization. It is expected that the sessions of the supreme lodge will continue for several days after the encampment ends on Saturday. All of Thursday was spent in election of officers. Friday action on amendments to the constitution was begun. The only company scheduled to contest Friday in the competitive drill was Georgia Company No. 1 of Savannah.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the great discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

He had been in failing health for a number of months and was unable, at the last session of the legislature, to fill his position. He leaves a number of sons and daughters, besides his wife. He was buried with Masonic honors at Wyley.

FASTIDIOUS WOMEN

consider Paxtine Toilet Antiseptic a necessity in the hygienic care of the person and for local treatment of feminine ills. As a wash its cleansing, germicidal, deodorizing and healing qualities are extraordinary. For sale at Druggists. Sample free. Address The R. Paxton Co., Boston, Mass.

Quality Did It!

The fact that SCHNAPPS is so widely imitated only proves that it is the best chew—the standard flat plug. Other plugs are made to imitate the size and shape and color of SCHNAPPS—other tags are made to look like SCHNAPPS tags—yet there are more pounds of SCHNAPPS chewed annually than all other similar tobaccos.

Schnapps

SCHNAPPS is made of only choice selections of well matured, thoroughly cured leaf, and in factories as clean as the cleanest kitchen, situated in the very heart of the greatest chewing tobacco growing country, by men of life-long experience in tobacco manufacturing, and who have directed the R. J. Reynolds Tobacco Company since 1875.

SCHNAPPS has the pleasing, appetizing aroma which created and popularized the fondness for chewing. Expert tests prove that it requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Internal revenue statistics show that SCHNAPPS and other of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

Be sure the letters on the tag and under the tag spell S-C-H-N-A-P-P-S, and you will have the genuine.

Steamers In Collision.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussard, Brubaker, Ill. This remedy is for sale by all druggists.

Mrs. Cowden Hangs Herself.

Cromwell, Conn., Oct. 22.—It was stated here that Mrs. Laura Cowden, daughter of Bishop Henry C. Porter of New York, committed suicide by hanging at a private sanitarium here Thursday night.

HOISERY TALK.

The season has now come when it is necessary for the whole family to wear Shoes, and of course you can't wear Shoes without Stockings, and usually the Stocking bill is more than the Shoe bill. This will not be the case if you buy a standard brand of goods.

We have just received a large shipment of the celebrated BLACK CAT HOISERY for Men, Women and Children, and this brand is too well known to need much talking about. The price commences at 10c and runs up. The Boys' Hose at 15 and 25c wear almost like leather. See the line and try a pair next time you buy.

The Radcliffe Shoe for Ladies'—both button and lace—at $2.50 per pair are the best that money can buy.

We are now showing many new things in Fall and Winter Goods. It will pay you handsomely to do your trading with us, no matter what you need.

Mrs. Robert Whiteley.

Mr. Robert Whiteley of Pittsburg, Pa., writes: "My wife was subject to chronic stomach trouble and terrible nervousness; she was thin, and had a worn-out look. Doctors, after great expense, all failed to help her. At last she tried Vinol, and soon the change in her condition seemed almost miraculous. She continued its use, and today she is in perfect health and has gained thirty-six pounds—her friends hardly know her, so great is the change. To Vinol we give all the praise, and everywhere I recommend your Vinol, as I have more faith in it than I have in doctors or any other medicine."

Our local druggist, W. M. Johnson, says: "Vinol is successful in cases like this because it contains in a concentrated form all of the curative properties contained in cod liver oil, the useless oil eliminated, and tonic iron added, and it is the greatest strength creator known to medicine. Vinol tones up the tired, weakened nerves of the stomach; it purifies and enriches the blood and strengthens every organ in the body. Try Vinol on our guarantee." W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

The Joe A. Wallace Peck's Bad Boy Company is billed to appear at the opera house next Saturday, matinee and night. Has played in all the principal cities from St. John, N. Wallace, owner and manager, never has a poor company nor play.

Miss Bessie Pillow Brown has demonstrated that she is not only a good organizer, but an expert teacher of music.
